500NB MSGL manhole with sight glass
Stock: 1
Categories: Misc Items, Mechanical > Hardware > Misc Items, Misc Items > Commodity & Accessories
Description: 500NB: This refers to the nominal bore (NB) size of the manhole. In this case, it's 500 millimeters (mm) in diameter. MSGL: This stands for [Mild Steel Glass-Lined]. It indicates that the manhole is made from mild steel and has a glass lining on the inside. Glass lining provides excellent resistance to corrosion, mechanical shocks, and abrasion. It also ensures smooth, non-stick properties and inertness. Manhole: A manhole is an access point or opening in a vessel or tank. It allows personnel..
